

High-Performance Shared RAID Solution for SAS/SATA Storage

Featuring
8-Gb Fibre Channel

Benefits of ATTO FastStream RAID Storage Controller:

- Enable a collaborative workflow without a Fibre Channel switch
- Edit up to 6 streams of 10-bit uncompressed high-definition video
- Advanced load balancing and reliability with FastStream Multipathing for Mac® OS X, Windows® & Linux
- Add Multipathing functionality to any SAS/SATA storage
- RAID 0/1/4/5/6 protection while maintaining application performance

ATTO Products

FastStream™ SC 8500 8Gb RAID Storage Controller, with ATTO Multipathing for OS X
Celerity 84EN 8-Gb Fibre Channel Host Adapter
Configuration Tool

- Achieve full video stream counts even during a drive rebuild
- Scalable solution allows expansion with low-cost SAS/SATA JBOD enclosures
- Easy to setup, manage & maintain with ExpressNAV™ Storage Manager
- Provides shared bandwidth of up to 1400 MB/s to enable a high-performance workflow
